

Call for Post-Doctoral Student Scholarship (BIPD) within the scope of the PTDC/CTM-CTM/3354/2021 project

Document regarding the call for a Post-Doctoral Research Grant under the PTDC/CTM-CTM/3354/2021 GradImp project «Biodegradable implants in porous iron obtained by additive manufacturing», with financial support from FCT/MCTES through the Programa Operacional Regional do Norte, which took place from 30th of September to the 14th of October of 2022, reference RH GradImp DPS 45/2022.

Work Plan title: Development of biodegradable porous iron implants obtained by additive manufacturing.

Scientific area: Mechanical Engineering

In accordance with the FCT regulation for the attribution of Research Grants, the public notice was posted electronically in the usual places: INEGI, Euraxess, and Universities. A jury composed of the following doctorates was also constituted: President: Professor Doctor Jorge Lino. Board members: Doctor Luis Oliveira, Professor Doctor Rui Neto

Meeting minutes from 27 October 2022

Within the period established in the call for proposals, four applications for the scholarship were submitted, namely:

1. Hamed Sadeghi;
2. Muhammad Adnan
3. Mohanraj Jagannathan
4. Alireza Hajipour

The evaluation was carried out based on the analysis of the academic and professional curricula and their adequacy to the criteria defined in the public call.

Evaluation:

1. The candidate Hamed Sadeghi does not have any experience in the topics of the project. The candidate also did not submit a Certificate of Qualifications recognised in Portugal and a Certificate of English language level.
2. The candidate Muhammad Adnan, although has short experience in the field of Additive Manufacturing, does not have a PhD in Mechanical Engineering, Materials Engineering, or Bioengineering. The candidate also did not submit a Certificate of Qualifications recognised in Portugal and a Certificate of English language level.
3. The candidate Mohanraj Jagannathan, although has some experience with electrospinning, almost does not have any experience in the topics of the project. The candidate also did not submit a Certificate of Qualifications recognised in Portugal and a Certificate of English language level.
4. The candidate Alireza Hajipour, does not have any experience in the topics of the project, and has a CV in the area of energy. The candidate also did not submit a Certificate of Qualifications and a Certificate of English language level.

It is thus verified that none of the candidates meets the requirements specified in the Call for Post-Doctoral Scholarship, so the Call is considered closed without the selection of any candidate.
